Introducing Abdominal Binders:

sutherlandmedical

Abdominal Binders

Abdominal Binders are ideally designed to provide support and compression to the ribs, abdomen or lumbar area in a post operative or post injury environment.

The Abdominal Binders are manufactured from 7.5cm or 3" panels of heavy grade elastic that are stitched into 2 panel (15cm), 3 panel (22.5cm) and 4 panel (30cm) binders.

The Abdominal Binders have a touch tape closure system with the 15cm suitable for use as a rib binder.

The complete range of Abdominal Binders are 100% Australian Made.

Application

Measure around the patient's torso in a supine position with a tape measure and select the most appropriate size based on the application guide below. Position the support around the patient with the touch tape closure at the front.

The Sutherland Medical label should be used as a guide to indicate the top of the support. Ensure that the support is firm and comfortable while the patient is standing as well as seated.

Code	Width	Length		Fitted Measure
SM830	15 cm	Regular	2 panel	75 - 112 cm
SM831	15 cm	Large	2 panel	105 - 155 cm
SM829	22.5 cm	Small	3 panel	60 - 90 cm
SM832	22.5 cm	Regular	3 panel	75 - 112 cm
SM833	22.5 cm	Large	3 panel	105 - 155 cm
SM837	22.5 cm	X Large	3 panel	145 - 170 cm
SM834	30 cm	Regular	4 panel	75 - 112 cm
SM835	30 cm	Large	4 panel	105 - 155 cm
SM836	30 cm	X Large	4 panel	145 - 170 cm
