Bronchitrac® “L” Set

CA☙ CE

There is no need to twist the catheter or patient’s body. Simply advance the Bronchitrac “L” through a properly placed endotracheal or tracheostomy tube. The dual-plane, patented curvature of the catheter ensures consistent entry into the left main-stem bronchus.

The time savings and reduced patient trauma provided by the Bronchitrac “L” make it the obvious choice when suctioning the left-bronchial airway.

- Ideal for suctioning of post-cardiac surgical, neuro and critical care patients
- Can be used for deep-lobe suctioning
- Completely latex-free

Number	Description
41-7814	14 Fr Bronchial Suction Catheter, Slide-cover Connector and (2) Vinyl Gloves, Sterile (20/Boxes)

Esophageal Balloon Catheter Set

CA☙ CE

For Intrathoracic Pressure Monitoring

- **Ease of Insertion** – The catheter comes with a new, easy-to-remove PTFE-coated stylet to aid the insertion procedure
- **Comfort** – The 5 French catheter is soft and pliable, offering maximum patient comfort over extended time periods
- **Ease of Positioning** – The new proximal Y-connector allows for precise balloon positioning with the stylet in place
- **Depth Markings** – The catheter is radio opaque with numerical depth markings to facilitate positioning
- **Ease of Connection** – The catheter has a standard female Luer connector
- **Several Applications** – Ideal for monitoring ventilator and sleep apnea patients and calculating lung compliance

Number	Description
47-9005	5 Fr Catheter, latex-free Balloon, Stylet, 36" Pressure Monitoring Extension, 3-way Stopcock (5/Box)

Irrijet®

CA☙ CE

Simple, one-hand, thumb-controlled pressure provides an appropriately forceful stream (8 psi) directly to the desired area (or a gentler stream if needed). The soft flexible tip has an inside diameter equivalent to an 18-19 gauge needle.

- Splatter-Gard™ prevents contamination from body secretions – new concave design provides maximum splash-back protection
- Soft, flexible plastic tip eliminates needle-stick for user, minimizes trauma to patient
- Irrigant is delivered with force equivalent up to 8 psi
- Latex-free product

Number	Description
55-0004	Irrijet GP, spring-loaded syringe with 12 cc capacity (5/Box)
