Introducing Post Operative Knee Immobilisers:

SPLINTS & IMMOBILISATION

sutherlandmedical

Knee Immobilisers

Post Operative Knee Immobilisers allow full immobilisation of the knee in full extension, while providing mediolateral support.

Removable medial, lateral and posterior aluminium stays can be contoured to the shape of the leg for a comfortable and secure fit.

The 3 panel Universal Knee Immobiliser design (including the popliteal variation) allows adjustment of the brace to cater for all sizes of leg throughout the course of the patient's treatment.

Sized Knee Immobilisers

Code	Size	Length	Calf Measure.	Thigh Measure.
SM816	Extra Small	30cm (12")	320 mm	400 mm
